Seen, Heard and Told

By The Editor

There is some talk of establishing a state charity hospital here. We already have a good hospital here, and do not need any more. The existing hospital takes care of all charity cases much better than patients in existing state hospitals are cared for if we are to believe the horrid tales told by Governor Johnson and Fred Sullens—about the only thing that pair ever agreed with each other about.

There is some wild talk and rumors about an army camp or a munitions plantt here. A munitions plant might be all right, but, so far as we are concerned, we do not need any army camp here. The way to create a real ghost town is to establish a big camp, then suddenly abandon the camp. If a munitions plant is to bring in a bunch of CIO agitators and dissatisfied employees who make ONLY a dollar an hour, Grenada might be better WITHOUT that too.

For the benefit of the very few who have not already heard of it, I may as well say here that I got a little full at the reception. To have been otherwise would have set me apart as an unusual freak.

Miss Birja Wilkins, who has helped make the Youngblood Butane and Kelvinator business a success, is scheduled to return to her home in Kansas City Saturday. This handsome young lady has made many friends in Grenada during her stay here.

Mabel, too, agrees that they are sweet.

We have added quite a few new subscribers and have received a number of renewals recently, but, for want of space, will not mention them this week.

Alonzo Billup's fine crossing signal continues to provoke interest among the traveling public, the railway and signal officials and the highway officers.

The new Sears catalougues are drawing rich rewards to their authors. Aside from the grocery merchants—who suffer no real competition from the mail order houses—the merchants of Grenada hardly spend as much for strictly local advertising in this county as just two large mail order houses spend in this county. The hair of the dog is good for the bite. Printers' ink in your local newspapers will help counteract the effect of the ink used by the mail order boys.

Some of the greatest beneficiaries of publicity given by this newspaper carry all their printing business (which we can turn out at a profit to ourselves) elsewhere. We could, but will not, place our hands on some examples of what we mean.

The only thing Paul Johnson and Fred Sullens ever agreed upon was the rotten condition of state hospitals. It must be true. Therefore, it seems idle to bring a state charity hospital here, where we already have a hospital that takes such good care of charity patients. The only difference we ever saw in the pay patients and the charity patients was in the matter of private rooms, and that difference is immaterial. The same food, the same medical and surgical attention, the same kindly treatment from the nurses are received by those in the wards and in the rooms. Grant, if you will, that the hospital Governor Johnson establishes WILL be all it should be, but what of the next administration that may be niggardly with appropriations—and, in that case, we will have a festering sore spot here in Grenada, as Paul and Fred say there is in Jackson.

Messrs. John Rundle, Homer Williams and Fred Spain were named by the employees at the hosiery mill to the Employee's Council, to represent the employees in any matter affecting their interests with the management. Three good men. We think the young people used good judgment.

B. B. Baker left Monday to visit his sister, Mrs. Jno. Gray in Armarillo, Texas.

Her Grenada friends will be glad to know that Mrs. Jim Gage, of Portsmouth, Virginia, is much improved.

Congratulations to Paul Lockett, now a lieutenant in the sophomore drill platoon at Ole Mess.

We want to add our sincere congratulations to our life long friend, Mr. Jim Weeks, upon reaching the age of 89 years. We hope he will live to enjoy many more birthdays.

Dear Mike, and dear H. B. Allen: You fellows be sure to see each other.

We must be back in Pat Harrison's good graces, as we received a telegram from him Monday about rural electrification. Bilbo beat him by 14 minutes.

Ex-Mayor Edwin C. Neelly Buried Last Friday

Ex-Mayor Edwin Clyde Neelly, who died last Thursday, February 6, 1941, was buried in Woodlawn Memorial Park in Grenada Friday morning.

Mr. Neelly was born August 12, 1878 in Oxford, Mississippi and was the son of the late Mr. Henry Franklin Neelly and Mrs. Mary Peterson Neelly. He attended the schools in Oxford and there received his diploma. From early manood he was a staunch member of the Presbyterian church, and, upon moving to Grenada many years ago, became actively identified with the Presbyterian church here. At his death, he was an elder in the Grenada church. Among his activities in his adopted city, Grenada, he served as president of the Bank of Commerce, was fourteen years accountant with the City Ice and Coal Company and the Coca-Cola Botling Company. He served his city several terms as member of the City Council, and concluded his term as Mayor of the City during the early part of last year. On August 29, 1911, he and Miss Katherine McGowan, of Holly Springs, were married. Four children, a son and three daughters came to this union.

Mr. Neelly was noted for his energy,

and perhaps this energetic spirit combatted against a frail body hastened his death. Grenada made much progress during his administration. The valuable malaria control project was initiated and prosecuted during his term. During his term practically all unpaved streets were paved, or were prepared for paving.

Funeral services were conducted at the home by Rev. C. A. Pharr, pastor of the Presbyterian church of Grenada, assisted by Rev. Wade Harrell, pastor of the Presbyterian church of Holly Springs. Active pallbearers were Messrs. Homer Williams, William Wright, John Pressgrove, McCune Talbert, John Bradley and Ralph Semmes.

Honorary pallbearers were Ward Alexander, B. J. Anderson, Ben Brown, Hubert Calhoon, Andrew Carothers, Dr. R. A. Clanton, Jim Cuff, Roy Doak, O. T. Edderman, L. Friedman, George Grant, R. H. Herring, H. L. Honeycutt, J. H. Horn, Prich Horton Si Jones, George Lambert, W. F. Martin, Willard Odom, J. B. Perry, Sr., Henry Ray, Sell Roane, Tommie Rose, Will Salmon, J. T. Thomas, R. L. Vandiver, Louis Weir, John McEachin, Harry Wilson, Avent McElwrath, and Charlie Boushe.

Surviving him are his widow, one son, E. C. Neelly, Jr., of Drew, three daughters, Misses Frances and Joyce Neelly, of Grenada, and Mrs. H. A. Cory, of New Orleans.

To the sorrowful ones, we extend our sympathy.

American Legion Auxiliary To Meet

American Legion Auxiliary will have their regular business meeting at the Community House Friday night at 7:30, February 14, all members urged to be present.

The supepr has been postponed

Neely Leases Ross Home

Mr. Tom Neely recently signed a lease for the handsome country home of Mrs. D. G. Ross near Tie Plant, and will use this place as a high-class restaurant with dancing facilities provided. The opening date is not yet set.

Mrs. Ross will move into the Smith old home, which owns, on College Street as soon as the present occupants find other quarters.

ATTENDING MEDICAL MEET

Dr. J. K. Avent and Dr. S. B. Caruthers attended the meeting of the Mid-South Medical Association in Memphis Tuesday, Wednesday and Thursday of this week.

Wonder how Pat Ryan is getting along.

Household Appliance Sales Increase 5 Percent

Household appliance sales over the entire western half of Mississippi showed an increase of 5 percent for the year 1940 over 1939, according to an announcement today to the Grenada County Weekly by C. V. McKell, Local Manager of the Mississippi Power and Light Company.

Sales of electrical farm devices increased 137 percent from 401 to 952. In 1939, over twelve thousand radios were sold in the Power and Light Company's territory; last year 15,500 were sold. Electric refrigerator sales were up 27 percent in 1940. Washers received a raise of 26 percent. The gas appliance showing the largest gain was floor furnaces, increasing from 360 in 1939 to 793 last year, a gain of 120 percent.

Local appliance dealers received their share of the increased business in 1940 as homemakers in Grenada and vicinity bought—

With The County Agent

The County Farm Bureau has reached its goal of one hundred members. Each member will get a free subscription to a State and National Farm Publication. Our Bureau plans to develop an improved farm program in the county and to support our State and National Bureau in their effort to improve the AAA program.

One hundred and sixty farmers cooperated in the Workstock Improvement program last week. A total of 480 mules and horses received the worming treatment and had dental work done.

Alll farmers interested in more Soil Conservation work for Grenada should plan to attend the "open hearing" to be held by the State Soil Conservation committee for our farmers on next Friday, February 21, at two o'clock.

Guy Sultan of Beat Two has decided to stop his land from "washing away" and is busy constructing terraces on 25 acres.

The "power terracing unit" will complete the work in Beat One this week and move to Beat Four. Mr. Gus Hayward, the terracing engineer, has the work planned to go into Beat Three next and from there the unit will move two Beat Two. More work has been signed up than our unit can do this year.

Of Interest To The Legion

The American Legion will meet at 7:30 tomorrow (Friday) night at the Community House. All veterans are urged to attend.

Finney Gin Co., A. R. Finney, Manager, Organized

Announcement has recently been made of the organization by Mr. A. R. Finney of The Finney Gin Company, which will take over the old Hiawatha, later known as the Bailey ginnery, near the Federal Compress. This gin has always been known as one which turned out "good samples," but Mr. Finney proposes to attempt to improve even on its fine record, for he is going to rebuild all old parts which are susceptible of successful repair, and will replace those parts which he can not successfully repair.

Mr. Finney has managed the huge Glenwild property south of Grenada for 18 years, until ownership changed, and part of his duties included that of operating the model ginnery that Mr. John Borden, without regard to expense, installed on the property. Mr. Finney and family live now in the John Owen home on College Street.

The management of this new establishment proposes to furnish this community with all of the latest phases of ginning and to leave no stone unturned to assure the people of service.

Thus Grenada Grows.

Board Cannot Take Immediate Action

Our petition asking the Board to immediately employ competent Electrical Engineers to survey the city to determine the feasibility of a city owned plant and distribution lines, etc., as you know has been delivered to them and a committee of three aldermen appointed to serve on this project, however, due to the election and signing of the millage petition not long ago that our every spending by the board has gone by the wayside in favor of our activities and our request to the board for the above mentioned desires and our petition is being held up from action until sufficient names is given them for annulment of the millage petition.

There is another petition filed prior to ours asking for a Food Stamp appropriation, this Food Stamp petition is also being held up until the annulment of the millage petitions as same as ours, if the millage petition is removed we will advance on the light plant petition and the Food Stamp petition, until the abolishment of the millage petition we will continue to hang in the balance and our hopes for these good things be continued indefinitely.

Won't you good citizens that are interested in cheaper lights at a profit to you and the city please give this matter a thorough consideration when the petition is presented you to remove your signatures from the original millage petitions with that action we can and will proceed as the committee of aldermen seems to be desirous of making strides on the matters of ours but they cannot do anything until you will reinvest in them the power to exercise expenditures that is necessary and vital to carry forward the drive we have advanced to this stage, the committee is handicapped and cannot turn a tap until this millage petition is abolished, won't you please help, your benefit is as great as mine.

It has been the pleasure of the writer to be present in several of the meetings of the board and I have conferred with the committee time and time again relative to our petition and its possibilities and I speak from this that the committee seems very much in favor of carrying out our request if the millage petition is annulled that will give them power to proceed with the expenditures that are necessary to call in the engineers, again and again I beg of you to give this matter the best of your thoughtss for I assure you that a city owned plant will be far more beneficial to us as individuals and the city as a whole than I could ever hope to relate with assimilation of figures and facts comparision to other cities.

You might be of the opinion that we are doing very well with the present set up of electrical facilities we now have, that nothing could be gained by a major change, do you remember me stating that the two million KWH plus that the power company purchased in 1939 if purchased from TVA and sold to us at the 4 1-4c per KWH we now pay them that they make a gross profit of two thousand per cent plus, is that profit or is that profit.

C. W. (Red) BRISCOE.

ELECTION CALLED

An election to fill the post of Alderman at Large, vacated by the resignation of W. W. Whitaker, has been called for March 15th by the City Council.

Mr. J. J. "Jean" Vance Died Last Saturday

Mr. J. J. "Jean" Vance died in the home of Mr. Grover Lott near McCarley, last Saturday night, February 8, 1941.

He was born in Carroll county May 10, 1868, and was the son of Mr. and Mrs. J. J. Vance. He and his wife, who survives him, were married August 22, 1926.

He was buried on Sunday, February 9, at Hardshell church with the Rev. Vassar McDonald officiating.

His parents are dead, but there remain his widow; one brother, Joe Vance, of McCarley; one half sister, Mrs. Odie Alderman, of Coila; and three half brothers, James L. Dunn, Thomas T. Dunn, and Woodrow Dunn, all of Carrollton.

To the sorrowful ones, we extend sympathy.

4-H Club Girls Enter Garden-Canning Contest

The following girls in 4-H club work of Grenada county have enrolled in the Garden-Canning Contest sponsored by the Chilean Nitrate Company.

Kathleen Timmons, Holcomb; Evelyn Beck, Holcomb; Ruby Helen Williams, Graysport; Mary Gentry, Holcomb; Ruby Cunningham, Holcomb; Nannie Lou Beach, Holcomb; Sarah McCormick, Kirkman; Margie Allen, Holcomb.

The purpose of this contest is to encourage girls to strive for increased yields of quality vegetables through use of best varieties, fertilization and cultural methods recommended by Mississippi Extension Division and to devote more time and interest to the garden-canning program as a part of the family living plan.

A Lot Of Siftin

Few people in Grenada can visualize the enormous amount of materials used, work done and semi-finished products shipped of the Yazoo Cooperage Company, of which Mr. Earl Burkley is General Manager.

So far, since war preparations have been in progress, this company has prepared the circular wooden part of 22,000 sieves for U. S. Army bakers. The wire mesh is incorporated into the device in their finishing plant in Chicago.

Seen, Heard and Told By The Editor

Our god friend and former neighbor, John Emmons, of Oxberry, graced Grenada with his parents Saturday.

The Mayor of Oxberry, Hon. Earl Staleh, honored Grenada with his presence Monday.

Banker Joe Gee and two of Carrollton's legal lights, Simon Turner and Tandy Ewell, attended "Federal" Court here last Friday. So did J. W. Conger, of Winona.

Everyone had a grand time at the Marascalco reception at the Community House Sunday afternoon and Sunday night.

Horn had to guess at the writing of the names of the vistors to the wedding. He did the best he could in interpreting the penmanship.

Hink Thomason came out of hibernation long enough to attend the Marascalco reception. So did Will Hayward. Both got back home alive.

Hope Jim Moss is getting on better.

Turn about is fair play. If the GCW gives worthwhile publicity to local matters, then, when the time to do some printing comes, the GCW should be remembered. A newspaper worthy of the name of newspaper can not get by with the $1.50 subscriptions, even if they do help considerably.

We join his many friends in expressing sorrow for the continued illness of Dr. Provine.

SERIO-MARASCALCO

Winter greenery, baskets of pink gladiolas and lighted cathedral candles in branched candelabra formed an altar of unusual beauty at the assembly room of the Grenada Community House on Sunday, February 9th when Miss Grace Marie Marascalco, daughter of Mr. and Mrs. Frank Marascalco of Grenada became the bride of Mr. Salvo Serio, son of Mr. and Mrs. Charlie Serio of Greenwood, Miss., at 9:30 o'clock, Father Manon, of Water Valley, saying the Catholic ceremony in the presence of one of the largest assemblies of relatives and friends ever recorded in Grenada. The bride-elect entered on the arm of her father who gave her in marriage.

Nuptial music was beautifully arranged and given by members of the Greenwood Catholic Choir. Miss Agnes Antoin presided at the grand piano. Miss Blanche Antoin played the violin.

The solo, Ave Maria, by Schubert was sung by Salva Sino, cousin of the groom. This was followed by the duet "Veni Jesus" by Mr. Sino and Miss Rose Wooten. Mass was said by Father Zarin of De Lisle, Miss.

The bride was exquisitely attired in ivory duchess satin. Her wedding gown was made on princess lines, the bodice formed of a combination of satin and rose point lace. The graceful leg-o-mutton sleeves of lace ended in calla lily points over the hand. The graceful full skirt ending in a long sweeping train. Her veil of illusion was held in place by a halo cap of seed pearls and she carried an arm bouquet of calla lilies. The bride's attendants wore blue and pink taffeta dresses of identical style, which featured tight bodices short puffed sleeves and full hooped skirts. They wore becoming and identical halo hats made of the dress material. Each bride's maimds bouquet was of white carnations. The matron of honor was Mrs. Joe L. Marascalco of Grenada. She chose blue taffeta for her dress. She carried pink carnations. The five bride's maids, attired in pink taffeta were, in the order of the bridal procession, Miss Sara Dichiara, of West Point. Her escort was Mr. Charlie Barranco, groom's man, of Grenada. Miss Sara Marino, of Jackson, in pink taffeta entered with Mr. Frank Marascalco, of Grenada. Miss Dona Marascalco, of Grenada, entered with Mr. Frank Tomminelo, of Greenwood. Miss Minnie Tomminelo, of Greenwood, entered with Mr. Van Sam Correro, of Greenwood. Miss Marie Maranto, of Greenwood, entered with Lewis Marascalco, of Grenada.

The lovely maid of honor, Miss Camile Serrio, of Greenwood, wore blue taffeta and carried an arm bouquet of pink carnations. At the close of the ceremony she had as her escoret, the best man, Mr. Sam Casico, of Leland.

The ushers were Messrs. Frank Barranco, of Grenada and Sam Serrio, of Greenwood.

The groomsmen were attired in the traditional black tuxedo and wore a white carnation on their lapel.

The lovely flower girls, Annette and Grace Marascalco presented a very charming picture. Annette wore blue taffeta and Grace wore pink. Each had a shoulder corsage of pink carnations. Their identical flower baskets were filled with spring blossoms. The wedding ceremony was followed by a beautifully arranged luncheon for the bridal party. This was served in the dining room of the Community House. At one o'clock a reception was held for relatives and friends. Delicious food consisting of ravallo smothered chicken, barbacued ham, Swiss and Italian cheese with special breads, cakes, including the beautiful bride's cake, ice cream and Coca-Cola.

Music was furnished by a string quartet from Greenwood, during the afternoon and evening reception.

The bride and groom left early on Monday for a honeymoon to be spent at New Orleans, the Mississippi Coast and Florida. Upon their return they will be at home in Grenada. For traveling the bride wore a lovely ensemble of sheer rose wool with navy accessories. She wore an orchid corsage.

A list of out of town wedding guests follows:

More About The Labor Situation

The following is an extract from a letter received from a business man of high repute, and is quoted as written. It should be added that McComb suffered a greater tragedy than Tupelo did from labor organizers and agitators.

"I just read your editorial in this week's paper, Beware of the Greeks Bearing Gifts."

I think this is a good editorial. It is written in the proper vein and if you can get the employees of the Hosery Mill to read it, it should do some good.

I think the best example of just what this CIO means to us here in Mississippi is to look at Tupelo today and what it was before the CIO came into it.

The Tupelo Cotton Mills have been running since long before I can remember—the CIO came in there and demanded working conditions, hours, etc., and it was impossible for the management to grant this. In consequence the Tupelo Cotton Mills closed—the machinery was dismantled and sold as junk.

The Tupelo Garment Company were manufacturers of shirts, and was an even larger concern than the Tupelo Cotton Mills. This concern is likewise no longer in existence.

If you had been able to ride through what is known as the Mill Districts of Tupelo as I was able to do after this strike and to see the real tragedy existing after these plants closed you could realize just why and how so many feel so very bitter at Mr. Roosevelt.

Of course, in time it may be that all these things will work out for the betterment of the Nation as a whole, but frankly, as I see it, he is encouraging Communism, the CIO and racketeering in the American Federation of Labor.

Of course, Grenada has not been a manufacturing town sufficiently long to have the tragedy that Tupelo had even though the Hosiery Mill were closed down. However, I assume that things would be a great deal different if they did.

Food Stamp Plan

The Food Stamp Plan for Copiah County now being a certainty and not something that is being worked on and hoping that it may be secured, many hundreds of people all over the county will breathe a sigh of relief.

The people who are certified for relief will be better off because they will be able to get the food needed for a balanced diet, and not take home a box of grape fruit or salt mackerel or some other food item they don't want and in a good many cases don't know how to use. Under the stamp plan they will buy in their own neighborhood or town the food that is needed and will be able to secure fifty percent more of it.

The farmers who work day labor or have tenants will be able to get more work done, by virtue of the fact that commodity days will be a thing of the past and there will be no more going to Hazlehurst to lose a day or two a week waiting in line for the commodity handout. Also, it takes cash to buy these food stamps, and there are a number of laborers who will have to work, where formerly they have been turning down work, in order to earn something to buy food stamps. There should be an improvement in the available labor situation.

The grocery merchants of the county, who really are the "forgotten men" in this commodity handout system, who have seen carloads of flour, potatoes, lard, and other staple grocery products shipped in and distributed free in direct, open and business taking competition to them, these merchants will under the stamp plan have a chance to get enough business to make money enough to help pay the taxes that the former plan has cost.

In all areas where the food stamp plan has been put into operation general business has improved, and business other than grocery stores benefit, probably due to the fact that cash formerly spent for food will be released for other purchases in the ratio that the free stamps in the amount of fifty percent of purchased stamps will allow a wider variety of purchases.

It took a lot of hard work by a lot of people to get this plan approved for this county, but it was certainly justified.—The Hazlehurst Courier.

Me and the GCW.

We note that Lincoln county will soon place in operation the food stamp plan, jointly sponsored by city and county officials. It is expected that a quarter million dollars will be spent.

Calhoun county, we note will soon begin operating the Food Stamp Plan.

DUCK HILL FLASHES
by Mrs. M. S. Walker

Miss Elizabeth Jones, of Tillatoba, was the charming guest of her sister, Mrs. Ralph Moore during the week.

Messrs. R. R. Wood, Jr., and Roy Brans-ome made a trip to Dallas, Tex. as looking for cattle, returning Wednesday.

Mr. Houston Thomas, of Memphis, accompanied by his niece, Mrs. W. H. Nottel (the former Miss Winnie Pearl Taylor) visited relatives and friends here this week.

Mrs. Arthur Henson and lovely baby girl, Bettie Lou, are spending several days with relatives and friends. Their home is in Kilmichael.

Mr. A. L. Starks has gone to Muscle Shoals to spend several weeks, looking after his interest there.

Mrs. C. A. Moore and little son, Hammond, spent Tuesday in Kilmichael visiting Mrs. Moore's parents.

We still have a big one dollar bill that a fine gentleman gave us for a Christmas gift—and we are going to spend it some day in Grenada when we can find something we specially want and would otherwise do without.

Mrs. H. A. Hendren after spending several weeks in Memphis with relatives is back at home.

The many friends of Miss Gladiola Branscome are rejoicing with her and very proud of her accomplishments. She has been awarded a fellowship by the Julius Rosenwald Fund for a year's study in design, weaving, ceramics, pottery and other arts at Cranbrook Art Academy in Broomfield Hills, Mich. Miss Branscome is a most deserving young lady. She is the daughter of Mr. and Mrs. W. G. Branscome. She has been employed by the FSA working as home management supervisor on a Tenant Security Project in Merigold.

Mrs. Edd Lynn, with her sweet little daughter, Lena Lou, is here from Pickens visiting her parents, Mr. and Mrs. E. B. Wray.

Dr. and Mrs. S. S. Caruthers are back home after spending several days in Memphis.

Mrs. Ralph Moore spent a part of this week with her mother, Mrs. Jones in Tillatoba

The Missionary Women of Christian Service met at the Library Monday afternoon with a splendid attendance. Those taking part on the program were, besides the president Mrs. Ralph Moore: Mrs. T. P. Caffey, Mrs. George Holmes, Mrs. J. C. Sledge, Miss Myrtle Moore and Mrs. S. S. Walker.

Those attending the Zone meeting at Vaiden on Friday were: Rev. and Mrs. H. N. McKibben, Mrs. Ralph Moore and Mrs. M. S. Walker.

No use living always without a home when we have one to sell. A four room cottage, big yard, big garden, right on the highway, so when you are not working you can sit and watch the world go by. A real bargain.

The Commercial Appeal carried a picture Monday of Floyd Melton, winner of the distinguished service award given annually by the Greenwood Junior Chamber of Commerce for meritorious service to the community. A young cousin of ours that we are indeed proud of.

MT. NEBO NEWS

There is no let up to the coming and going, it seems to get worse all the time. The Scriptures are being fulfilled.

Very few families here but what have one or more case of flu, and some measles thrown in for good measure

Mrs. C. P. Hendrix, of Hendrix Hollow, Calhoun county, visited her daughter, Mrs. C. R. Byars, Sunday.

The Ground Hog annual ball and jubilee was pulled off with great eclat last Saturday night. The customary Miss Ground Hog Queen was elected, but the crowning-kissing ceremony was set for April 1st. A committee will see our governor in regard to the usual role governors play. Some states have had governors who would kiss a queen at the drop of a hat and if necessary drop the hat. Bunk Pigeo read a most touching ode to the little chisel-tooth varmint which brought tears and hisses.

We are indeed thankful that we daily have something to look forward to, which helps break the monotony and drive dull care away. We refer to the road maintenance, machine operated by those two prince of good fellows, Max Yeager and Ward Merrit Efficiency is their watch word

Phil Cook and his most estimable family have moved to their elegant new home near Haserway.

Prof. Jesse Seal, the new P. M. Big Creek accompanied by Mrs. Seal, visited friends here Sunday.

Ninety Years of Learning How

ILLINOIS CENTRAL

This month the Illinois Central completes 90 years of life and becomes VIGOROUSLY four score and ten. Its first breath followed the stroke of a pen in the signing of its charter February 10, 1851.

There are two ways to celebrate 90 years of existence.

One is to marvel at having lived so long, at having won so great a victory over time. That is to boast, as did one noted character of the French Revolution, "I survived."

THE BETTER WAY, we think, is to count the lessons that have been learned, the blessings that have been accumulated, the good that has been done. Mindful of its obligations, our railroad gives thanks it is 90 years richer in knowledge and ability to serve than it was in 1851.

Back in the 1850s, with the eyes of the western world upon them, our pioneer predecessors learned what the difficulties of construction were on the deceptively simple-looking prairies of Illinois. Here in the 1940s our learning continues under the modern challenges of customers' needs and preferences, taxation, regulation, competition and national defense.

Lessons change, but our classroom remains by choice outdoors, among all the people, UNDER THE PUBLIC EYE. That assures us the helpful vigilance of those who know our faults and our failures as well as our virtues and our victories. It explains, too, why we choose to celebrate our 90th birthday in a receptive frame of mind, one that promises the utmost in future benefit to our customers, our communities, our states and all the nation.

EDITORIAL

The debaters who journeyed to Sardis last week report that they were most graciously treated by the Sardis High School. Everyone was very courteous and polite and made the speakers feel as much at ease as possible. This can be especially appreciated by one who has ever suffered that extreme nervousness known as "stage fright." For this courtesy the debaters and Miss Turner are most grateful.

While the debates were being held the students listening were very attentive and sat quietly, in no way distractful to the speakers. Conduct of this kind is, indeed, commendable and Sardis should be proud of its high school and all connected with it.

The courtesy shown to the Grenada people was a distinct help and likely will be in the minds of these debaters long after the result of the debate is forgotten

BASKEBALL NEWS

The Grenada basketball team journeyed to Alva Tuesday night to play one of the last games of the season. The GHS girls lost to the Alva girls with a score of 23 to 15. The Grenada boys won by a narrow margin of two points, the score being 23 to 25. The next game will be with Winona, Friday. This will be the last home game of the season

G. H. S. LATIN CLUB MEETS

The Grenada chapter of the Junior Classical League met Wednesday evening at the home of Margrete Spain. The scheme for decoration was carried out in Valentine fashion. The program was very interesting, consisting of numerous stories translated from the Latin and other games. Miss Spain served delightfully at the close of the program.

GRENADA VS WINONA

Friday night at the high school gym, Winona high school basketball girls beat the GHS girls with a score of 25 to 16. The Grenada boys beat the WHS boys by a score of 31 to 8. The final game of the season will be at Alva next Tuesday night

GIRL RESERVE NEWS

At the regular meeting of the Girl Reserves Thursday Miss Elizy and some of her pupils illustrated some puppets which they had made for a class project. The Girl Reserves are planning to make some puppets for a G. R. show to be presented later on this school year

The second part of the program was a humorus play titled "The Tragedy." This play truly lived up to its name as all the actors were killed in the end. The characters were: Sofapillo, the beautiful heroine, Gracie Smith; White Haired Daddio, Carolyn Whitaker, the heroine's father; Spogettio, the hero, Betty Rule; Cana Soupio, the cruel villian, Jackie Lane; two maidios, Lil York and Bernice Jones; the trecio, Jean Scott Burt; and the Master of Ceremonies, Marguerite Stanley.

BASEBALL SQUAD IN PRACTICE

The Grenada High baseball squad has begun practicing in the hope of retaining the championship won last season. Though several members of the championship team were graduated last May, good replacements are available.

Those who have reported for practice so far are William Spears, Shed Hill Toomas, E. R. Smith, Dale Harper, Jack Ward, Sidney Kettle, Billy Buck Shaw, E. B. Collins, Bedford Thompson, Lambert Gammon, Frank Marascalco, Louis Barranco, Benny Moore, Jay Gore, and Lamar Moore.

CHAPEL

On Wednesday, February 5th, the Rev. T. B. Thower was the guest speaker who conducted the Chapel Services. In his talk Mr. Throve stressed self-control and pointed out that self-control is not only the ability to "put on the brakes" at the right time, but also the ability to apply the driving power.

The victorious debates were applauded and the program was closed with prayer.

SHIELD EXPERT HERE

H. M. SHEVNAN, widely known expert of Chicago, will personally be at the Irving Hotel, Greenwood, Sunday and Monday, only, February 16 and 17, from 9 A. M. to 6 P. M.

Mr. Shevnan says: The Zoetic Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly but increase the circulation, strengthens the weakened parts, thereby closing the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume no matter the size or location. A nationally known scientific metod. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments.

Mr. Shevnan will be glad to demonstrate without charge.

Add. 6441 N. RICHMOND ST., Chicago. Large Incisional Hernia or rupture following surgical operation especially solicited.

MORE SELECTEES FEB. 15

We are scheduled to receive a number of selectees February 15. These men will be our future buddies, and the men in the same ranks. This battery is not going to ride these men, however they will get plenty of work to do.

We hope to take this raw material and bring it up to our standard, not to assume an antagonistic attitude, but to make these rookies feel the pride and traditions of our outfit.

PROMOTED TO MESS SGT.

STANLEY GREENLEE

The above is the likeness of Sgt. Stanley Greenlee, our new Mess Sgt. He hails from Kilmichael, Miss., as do seven other members of this unit. He has the hardest assignment in the battery, due to the long hours and real work. He has to contend with satisfying some 70 men; this is an impossibility. It is said the army travels on its belly, so you can see he has an important job also.

BATTERY VISITS SILVER SPRINGS

The men of this battery had the pleasure and privilege of visiting Silver Springs. Those springs are internationally famous for their beauty and historical past.

Hernando de Soto was the first European to see the great springs. The Indians from time immemorial had known of them and worshiped there. We toured the springs in a boat with a 14-2 inch glass in the well of it. Through the glass into the chrystal clear water we peered into the beauty below. Our guide told us the maximum flow of the springs was 500,000,000 gallons per day. The largest spring has a cavern of 65 feet long and 12 feet high. The maximum measured depth is eight-one feet.

There are many various plants and underwater life in the spring. 36 varieties of fish, eleven of turtles, and several of shell fish. Many irridescent colors play over the grasses and floor of the springs. The light rays are refracted and broken into prismatic colors on the irregular surface so they are clearly seen in the transparent water. By the way, the water remains the same temperature the year round—72 degrees.

Asking our guide what made the water so clear, he mechanically answered: For two reasons, first, because it is filtered through sand and then through the thick limestone crust; second, because in so doing it absorbes some of the lime which is thought to give the water brilliance.

After several weeks of schooling five men of this batery received certificates certifying that they had successfully completed the instructors course in Artillery Survey. Namely these men were: Sgt. Thiesman, Cpl. Whitaker, PFC Roane, Pvts. Tims and Sullivan.

Tent fourteen presented Private Kersh with a G. I. brush and are seeing that he uses it.

This battery will be in the market for a technical Sgts. shortly. Our very affalible W. T. Mann has passed the entrance examination for the West Point of the air, the Naval Air Training School, Pensacola, Fla.

Our fifth best looking Corporal, Lane, left our midst for Fort Sills, Okla. His mission is a very important one: To learn the advanced tactics of signal work. On his return he will pass on his knowledge to the other members of the signal detail.

We are glad to report that Private Benton J. Ingram is up and out again after seven weeks in the hospital.

We are going to keep on publicizing worthwhile community affairs, but we can do it on a fuller stomach and with better vim, vigor and vivaciousness if we get a fair share of the printing business from those who directly benefit from such publicity.

"Duck" Goza recently paid up. Hurrah.

Seen, Heard and Told By The Editor

Aint they sweet: Signed: Mabel E. Whitaker.

Charles Grover Shippey has volunteered for army service. He asked us to put it in the paper and here it is.

The old lady can not see well enough yet to write letters of thanks for the many flowers, etc., sent and brought her, but she is getting on fine and will soon be back in harness. In the mean time thanks to all.

I want everyone to know that I appreciate everything done for the old lady just as much as she does.

My favorite in-law, Charley Allen, is having his paper changed from Water Valley to Winfield, Ala.

Lewis Dullard, the old man, made a trip from Dullard to Grenada Monday.

James Russell and John Rufus are still alive, fortunately.

Our faithful subscriber, J. D. Hodgkins, who reported that he and his wife had a fine time on a recent buying trip to St. Louis, renewed recently.

I dropped in on the meeting of the city council, and some of them were talking about me running for my old seat again, but thanks, I am through with city business, power business and political business, and am now trying to make an honest living with the GCW. I like that bunch as individuals, but am not so hot for them collectively, though I may be wrong about that, as I often am.

Nobody killed on 51 South Saturday night, fortunately.

Those new Sears catalogues are getting on some mighty fine licks, as a whole raft of postal money orders are sent off every day to the mail order houses, including Sears. Printer's ink, intelligently applied, will stop this money order business.

It will not be long, we predict, before Sears will be making twice per week FREE delivery to Grenada as it now does to Como and Pardis.

"2-41" on your paper means you are out this month; "1-41", that you were out last month.

Taylor Hayward has been under the weather here recently.

YOUNG LADY, WE'RE OUT OF LETTERHEADS
DONT GET EXCITED, BOSS—THE NEWSPAPER SHOP WILL PRINT SOME IN A HURRY IF WE PHONE THEM
CHARLES SUGHROE

See where the Commercial Appeal picked up bodily our article about the county-wide WPA road project.

Ben McElwrath and Ed Lewis were welcome visitors Monday morning. Ed brought back to me $100 I had asked him to keep, and thought I had lost, while Ben paid his dues. Aint life sweet.

See in Believe It Or Not, a picture of a 75-cent bulb that has lasted 50 years. If I could get one to last five months, I would think myself lucky.

The hard workers at the Trust Bank had to work until nearly four o'clock Saturday afternoon.

Grenada's poet laureate must not get any complex just 'cause Herbert B. Allen, our globe-trotting poet sometimes contributes.

Congratulations to Sambo Waldrup upon attaining his fourth milestone, celebrated Tuesday of this week.

NOTICE OF TRUSTEE'S SALE

Whereas on March 5, 1938, J. W. Poe (who is now dead and whose heirs are Mrs. M. C. Poe, his wife, and W. F. Poe and Mrs. Nina Keel, his children) and wife, Mrs. M. C. Poe, did execute to me as trustee their certain deed of trust embracing the property hereinafter described to secure Mrs. W. F. Martin, beneficiary, in certain indebtedness therein mentioned, which deed of trust is recorded in Book 74, page 231 of the Land Mortgage Records of Grenada County, Mississippi,

Whereas on April 29, 1939 said J. W. Poe and wife, Mrs. M. C. Poe, and W. F. Poe did execute to me as trustee their certain deed of trust embracing said property hereinafter described to secure said Mrs. W. F. Martin, beneficiary, in certain indebtedness therein mentioned, which deed of trust is recorded in Book 71, page 567 of the Land Mortgage Records of said County,

Whereas default has been made in the payment of said indebtedness and I have been requested by said beneficiary to foreclose said trust deeds on account thereof,

Now, therefore, notice is hereby given that under said trust deeds the undersigned trustee will on March 3, 1941 within legal hours at the Courthouse in said County and State offer for sale and sell to the highest bidder for cash the following property in said County and State conveyed to me as trustee aforesaid to-wit:

West half of southwest quarter of section 19, township 22, range 2 east and eleven acres in southwest quarter of southwest quarter of section 9, township 22, range 5 east described as beginning at southwest corner of said section 9, running thence east 7 and 90-100 chains to a stake, thence north 11 and 50-100 chains to Grenada and Providence Road, thence north 56 degrees west with said road to west boundary of said section 9, thence south 16 and 41-100 chains with said boundary to beginning less one acre in northeast corner sold to W. C. Hill, and also all other land owned by said grantors or any of them when said trust deeds were executed in said sections 9 and 19 aforesaid.

Also one 1936 Chevrolet one and ½ ton truck, number T6027873, subject to balance of purchase price thereon, and one saw mill complete together with all machinery and everything connected therewith, all in Grenada County, Mississippi.

I will convey as trustee only.

Witness my signature this 4th day of February, 1941.

H. J. RAY, Trustee

DOWN U. S. 51

The ruby reds and emerald greens
That regulate the maze,
Of vast Chicago's thoroughfares
Have faded from my gaze.

My road leads toward the Southland
And my spirits leap with joy,
To leave behind the frozen slush
Of somber Illinois

The moon's up o'er Missouri
From whence drift the mournful howls,
Or houn' dawgs punctuating time
With music from their jowls

Across the River looms Kaintuck
Where famed mint juleps flow;
And social prestige reckons
By the Colonels that you know

So Old Man River takes a bow
From rustic Arkansas,
Where loving deference still is shown
To ancient Paw and Maw.

Old Tennessee is famous
For golden candied yam:
And Memphis looks like heaven
When you feel that yen for ham'

But here's to Mississippi
To her sunny, cheerful clime:
Good bye to gloves and overcoats
Adieu to winter time.

Please take the fabled Gold Coast,
With its scintillating sheen;
Give me the ole Magnolia State
Where jonquils gild the green!

—Herbert B. Allen

GRENADA IN THE RAIN!

For a moment I was certain
That I'd taken the wrong train,
That I had ridden way down East,
To Broadway once again

The brilliant red of neon lights
Reflecting in the pools,
Was mingling with all colors there,
And glistening like jewels.

But when I saw Whyte Whitaker,
The Weekly's kindly brain,
I knew this was Grenada—
Ole Grenada in the rain!

Friend Rayburn drove me round the town,
And pointed out the sights;
Those charming daughters really
Are your principal delights

Rose Restaurant served
An appetizing pineapple dish:
But it was those sweet nurses
Who were really quite delish!

Your hotel was majestic,
And your churches were sublime:
But let me see your daughters
In the good old summer time!

I left your town behind me
On that slow ten thirty train;
But now I've seen Grenada—
Ole Grenada in the rain!

—Herbert B. Allen
